Lot 31	SILKY OAKS	Lillypilly Pl			
Lot 32	POSSUM LODGE	Lillypilly Pl			
Lot 33	LILLY PILLY LODGE	Lillypilly Pl			

# Bunya Mountains National Park Walking Tracks

## National Park

Visitors can choose what they would like to experience and how far they wish to walk. The shortest walk in is a 500 m stroll while the largest circuit is 10km. An all-day (approx. 20km walk) is to walk from Dandabah to Mt Kiangarow along the spectacular walking tracks. Return by track or road (road is shorter). All the National Park walking tracks pass through diverse vegetation which can include dense rainforest to balds to forested areas. The views and waterfalls are spectacular.

**1. Scenic Circuit Track (4km)** Is the most popular track as it takes in Festoon Falls; Pine Gorge lookout with its grasstrees along the ridge plus breathtaking valley views to the north and east as well. (You can see some chalets in Bunya Mountains Titles Estate); Tim Shea falls and numerous rocky pools. This is an easy walk with interpretative signs. The rainforest is just beautiful! An added bonus is walking through the strangular fig. Approx. 1 hour 20 mins.

**2. Barker Creek Circuit Track (10km return)** Access to this track is via Dandabah or Paradise Falls Car Park. Enjoy Paradise Falls, Little Falls and the Big Falls 122m drop (most spectacular after heavy rain) before it links in with the 4km scenic circuit. Choose to add an extra 1.5km (750 each way) to take in Big Falls Lookout and Barkers Creek gorge of the valley & plains below. For an extra approx. 1km choose the alternate Pine Gorge Lookout and Festoon Falls route instead of the shorter Tim Shea Falls leg of the 4km scenic circuit. Either way – take a picnic lunch and enjoy this outstanding walk and the beauty of Bunya Mountains.

**3. Barkers Creek Lookout (5.4km return 2 hours)** Cut out the 4km scenic circuit leg to enjoy Paradise Falls, Little Falls, Big Falls (and the bald areas around Big Falls) to culminate in the Big Falls and Barkers Creek lookouts.

**4. Westcliff Track (3.2km and 1.5km return by road - Total 4.7kms, 2 – 3 hours)** Choose whether to start or finish

at Dandabah or Westcott Camping Area. The track follows part of the cliff line on the mountains' western side, taking in the spectacular views over the Darling Downs. Enjoy the mountains' diverse vegetation types from rainforest to balds, to open eucalypt forest with a grasstree understorey.

**5. Koondai Lookout circuit track. (2.5 km return, 1 hour)** From Westcott take the left hand fork (to better appreciate the view as you are facing it) looking out over the Koondai Valley. The township of Bell is behind the hill to the right. Enjoy walking back through the rainforest to Westcott. This is a relatively easy but very striking walk.

**6. Westcott Plain Track. 4.8km and 1.8km return by road (6.8km, 2 – 3 hours)** Enjoy the stunning valley views as you meander along the cliff face between Westcott Camping Area and Cherry Plains Car Park. The Cherry Plains lookout is spectacular. Be sure to spot the bright yellow flowers of the King Orchids during September/October hanging tightly onto the cliff faces.

**7. Cherry Plain track 6km and 2.4 km return by road (8.4km, 3 – 4 hours)** The Cherry Plain – Burtons Well track is more spectacular if you start your walk at Cherry Plains and meander along the cliff faces and through the Bunya forests to Burtons Well - a gradual uphill climb. Walk mostly downhill back to Cherry Plains and your vehicle. As with the Westcott Plan Track, King Orchids can be found, clinging tightly to the cliff faces and flower spectacularly yellow in September/October.

**8. Mt Kiangarow Track (2.3km return or 1 hour)** Cross the road from Burtons Well Camping/ Picnic area to begin this spectacular walk. Enjoy the rainforest, views to the north, south and west, grasstrees and being at the highest point on the mountain (1135m). Excellent vantage point for horizon sunsets (along with Fisher's Outlook) or just seeing another (Western) aspect from Bunya Mountains.

## Russell Park Mountain Bike Trails

**Western Downs Regional Council** (The custodians of Russell Park) are currently undertaking a Russell Park Mountain Bike Trail project.

This project is consistent with the terms of the land donation by the Russell Family and planning has involved consultation with Environmental & Cultural Heritage representatives including QPWS, BPAC Western Wakka Wakka people, The Murri Rangers and many more groups. The project will provide 28km of mountain bike trails of varying lengths and difficulty.

Slow points will be made where trails cross the existing approx. 6km of pedestrian walkways. Existing facilities including parking and picnic areas will be upgraded and new amenities built.

For more information and an update on progress please check Council website <https://www.wdrc.qld.gov.au/council-pedals-ahead-with-new-mountain-bike-trails-at-the-bunya-mountains/> This Project is expected to be completed during 2022.
